67 receive diplomas in commencement at Telstar last Friday

With family and friends looking on—mostly teary eyes—67 members of the Class of 1986 received their diplomas last Friday night during Commencement Exercises in the Telstar gymnasium.

Sarah Buckman was the valedictorian and spoke about what it means to be a mature individual.

Marsha Moxcey was the salutatorian and spoke on personal goals.

Jim Fiske, the honors speaker, talked about this year's school budget controversy and argued that the high school needed more funding.

School Board Chairman Darline Hall and School District Superintendent DeWane Craig presented the diplomas to the graduates.

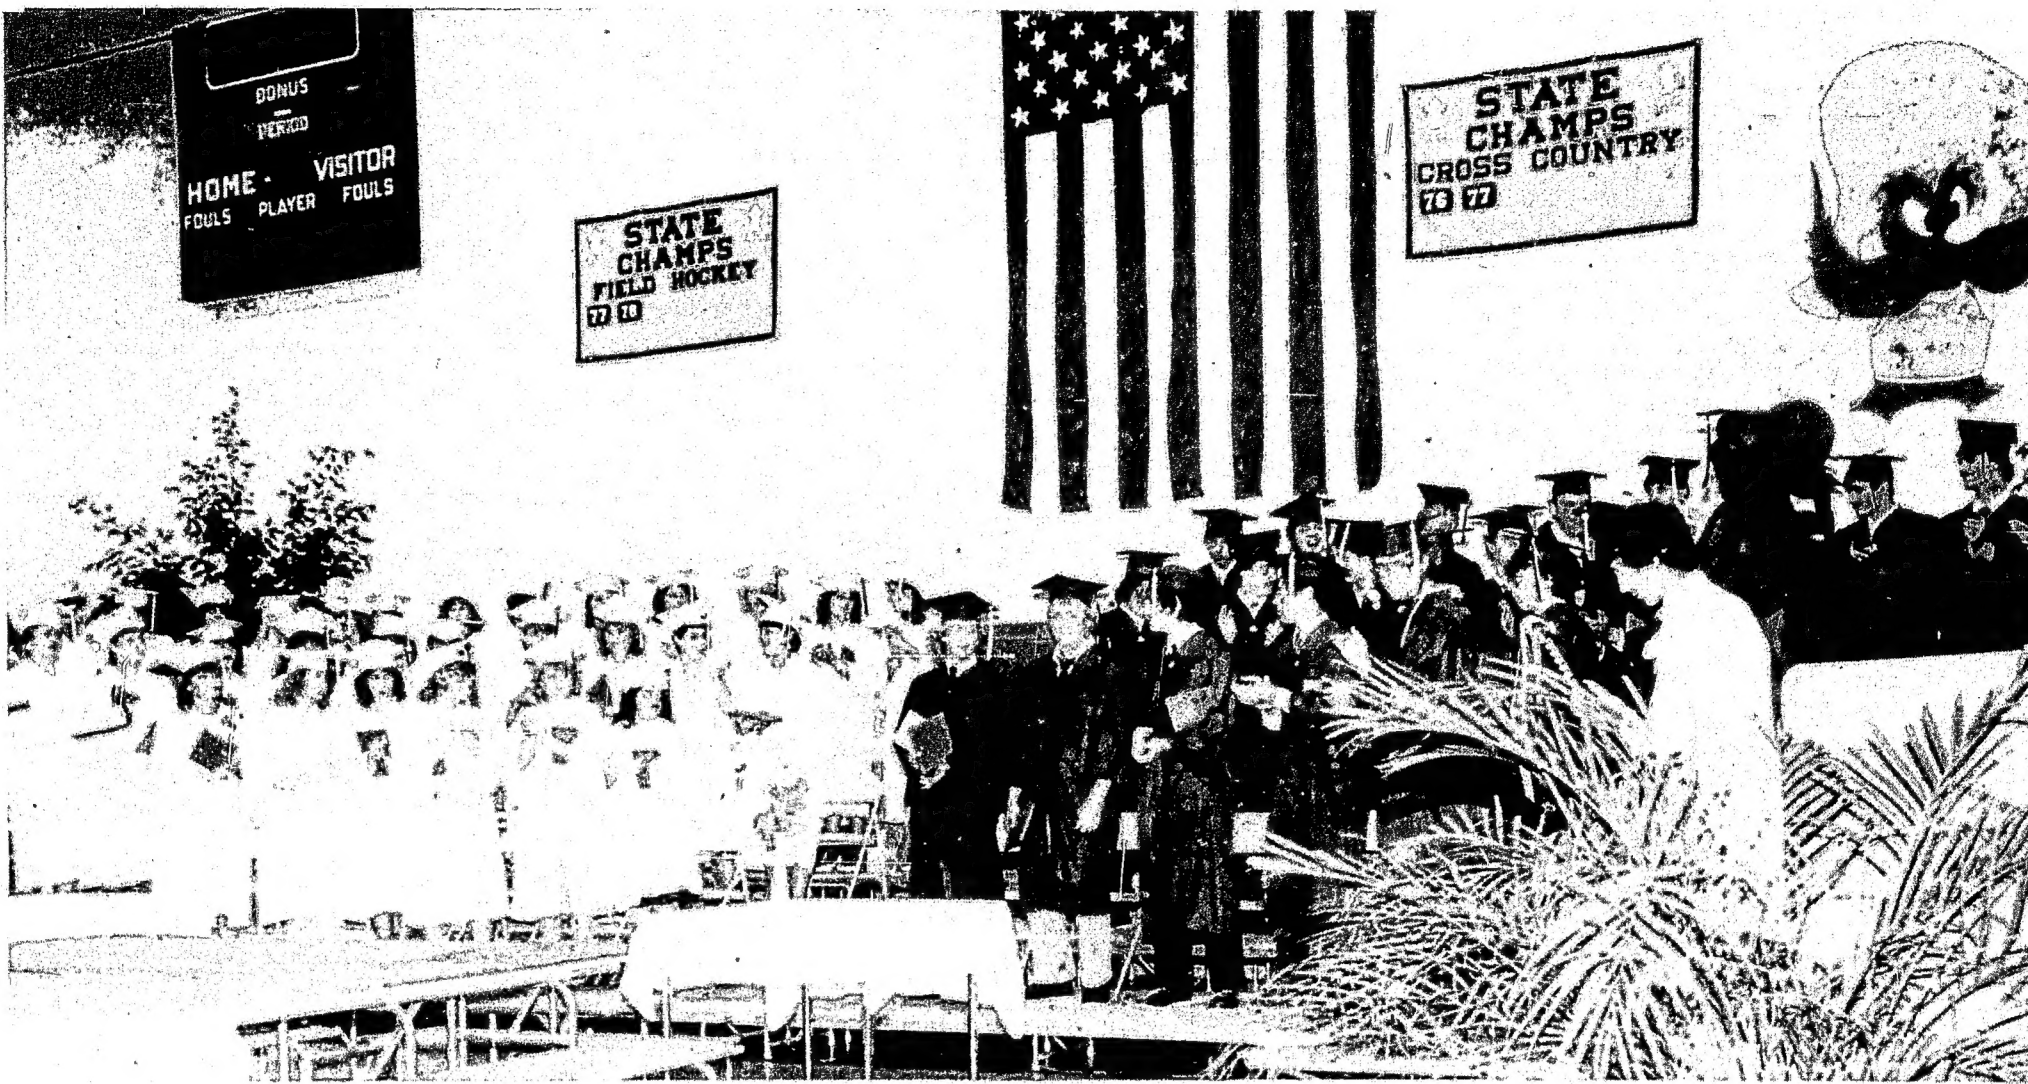

The class presented a gift to its co-president, Penny York; and exchange students Hege Dammerud and Gerald Nessman (from Norway and Austria, respectively) thanked the school, their classmates and their host families for making their year here memorable. They presented books of their homelands to Telstar Principal Ted Davis.

Rev. Larry Bresnahan gave the invocation and the benediction.

The Telstar Band played the traditional graduation music, plus the national anthem, a musical selection, and the school song.

Suzi Roy gave the class farewell.

Juniors Sarah Chapman and Scott Haines acted as marshals to lead the seniors into and out of the ceremony.

MEMBERS OF THE GRADUATING CLASS OF 1986 gave themselves a well-deserved round of applause after receiving diplomas at Commencement Exercises Friday night in the Telstar gym.

SAD #44 meeting Thursday night to reconsider budget

In response to a petition for reconsideration, a second budget meeting will convene Thursday night at Telstar gymnasium, at 7 p.m.

The meeting will reconsider the amount of money to be raised by taxation from the local towns. The budget meeting May 28 reduced the amount to be raised by \$400,000—reducing the amount to be spent in the budget by a similar amount. That left the budget with a 6 percent spending increase instead of the 16 percent increase originally proposed.

The petitioners have asked that \$200,000 more be assessed to the towns and placed into the budget.

In order for the actions of a meeting called for reconsideration of a budget to be valid, there must be at least as many registered voters present as were present at the original meeting. That number is 721.

Board OK's jump in patient rate for ambulance

The Bethel Board of Selectmen Monday night approved steep increases in the rates charged by the town for patients using the Bethel ambulance. The base rate was increased from the present \$55 per trip to \$80 (a 45 percent increase), while the mileage rate was increased from the current \$1.25 per mile to \$3 per mile (a 140 percent increase). The present rate structure was set in 1980.

Town Manager Rodney Lynch informed the selectmen that, not including Tri-Town Rescue, Bethel's rates were far below rates in nearby communities, such as Lisbon, Mexico, and Augusta. Base rates in the larger communities ranged

School directors make final cuts in fiscal 1987 budget

The directors of SAD #44, at a special Monday night meeting, made the final cuts to their originally proposed budget, successfully reducing that budget from \$4.2 million to \$3.8 million. The budget, as re-drawn is up 6 percent over last year, but \$400,000 slimmer than originally drawn. (Some district residents are going to attempt to restore \$200,000 to the budget at a district meeting Thursday. See separate story.)

The cuts, as approved by the school board, are as follows:

Heating oil—reduced by \$16,150, from \$116,150 to \$100,000; Telstar burner replacement—put on hold, for a savings of \$26,000; curriculum field trips, eliminated, at a savings of \$600; elementary social studies textbooks—reduced by \$3,991, from \$12,558 to \$8,567; audio/visual material purchases—reduced by \$16,075, from \$32,150 to \$16,075; machine purchases—reduced by \$850, from \$4,000 to \$3,150; secondary school social studies textbooks—reduced by \$1,400, from \$1,500 to \$100; secondary social studies audio/visual materials—reduced by \$8,000, from \$13,285 to \$5,285; science and social studies dues and fees—eliminated, for a savings of \$1,250; central office supplies—reduced by \$1,500, from \$4,500 to \$3,000; telephone use—reduced by \$2,800, from \$20,337 to \$17,537; teacher travel—eliminated, for a savings of \$3,100; board of directors travel—eliminated, for a savings of \$400.

Also, elementary athletic supplies—reduced by \$2,500, from \$5,068 to \$2,568; secondary athletic supplies—reduced by \$4,750, from \$9,485 to \$4,735; food service director's salary—eliminated, for a savings of \$15,375 (the salary may be paid from higher meal charges); board of directors' books—eliminated, for a savings of \$50; curriculum supplies and books—eliminated, for a savings of \$200; superintendent's books—eliminated, for a savings of \$150; principal's books—eliminated, for a savings of \$550; maintenance equipment rental—eliminated, for a savings of \$250; general

Town meeting appropriates \$559,912 for year

Bethel voters required only one hour to pass judgment on the annual budget. All warrant articles were approved as read. The total amount appropriated for town business in fiscal 1987 comes to \$559,912.

However, not all of that will have to be raised through taxation—\$225,000 will be funded through transfers from surplus (\$200,000), revenue sharing (\$18,000), and a donation from Gould Academy (\$5,000). Additionally, a donation from the B.E.A.R.S. (\$2,500) will help pay for paving at the new ambulance garage.

The municipal budget is expected to result in an increase in taxes of 50 cents per \$1,000 of assessed valuation.

In addition to the municipal budget assessment, residents of the town will also be paying taxes to pay for the county assessment of \$36,000 and the school assessment—expected to be around \$578,000.

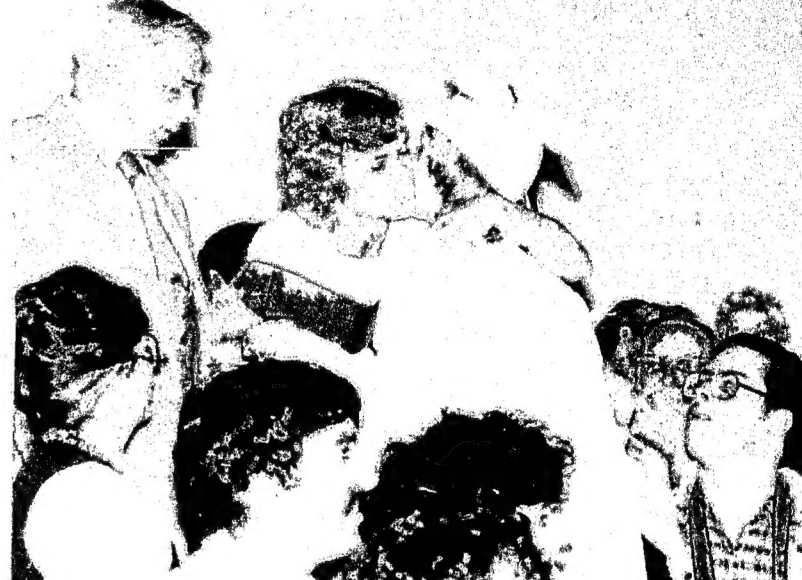

There was little discussion on the majority of the warrant articles. However, the question of police protection was raised by two residents of East Bethel and one resident of West Bethel, who proposed putting more money into the protection account.

"We have really no police protection in this town. I think it should be raised—the police budget. I think it's very inadequate," said Joan Scaro, of East Bethel.

Frank Ward added: "You do not see a police car—maybe one a week—out there (in East Bethel)."

Diane Walker said police should be

Woodstock officials close Church Street to heavy trucks

About 10 residents of Church Street, in Bryant Pond, attended Tuesday night's Board of Selectmen meeting and complained about the heavy vehicles using the road.

The town spent over \$9,000 in repairs to the street last year, largely to repair wear caused by pulp trucks and 18-wheelers. Selectman George Hooper said, "It's ridiculous to spend that much money on roads and have them torn up that much." Stowell's mill has already

been informed of the problem.

The Church Street residents present argued that heavy trucks should use the main road or Railroad Street.

The selectmen said they would close the road to heavy vehicles and post a sign to that effect.

The board reported it had still not heard of any ruling in the Lake Road case. A decision had been promised the middle of last month.

The Bureau of Water Quality of the Department of Environmental Protection notified the board that it would be sending an inspection team to town. The

Opinions

The arguments were 'obscene'

The proponents of the so-called "obscenity" referendum, which was soundly defeated last week, seemed to have as little regard for the truth as they did for any specific definition of what constitutes obscenity. Consider some of the claims they made.

✓The measure would only apply to the commercial sale of pornography.

□The truth is stated in the bill itself: "A person is guilty of committing the offense...when, knowing its content and character, he wholesale promotes, or possesses with intent to wholesale promote, any obscene material.... A person who possesses six or more obscene articles...similar or identical, is presumed to possess them with intent to promote them." In plain language, if you have six different books by Mickey Spillane in your home, you can be found guilty of the offense of promoting obscenity, if a censorship group declares Mickey Spillane "obscene."

✓The measure would only apply to hard-core pornography.

□The truth is the measure would apply to any kind of sexual description or depiction the censorship group wanted it to apply to. The bill states: "Obscene means...representations or descriptions of...sexual acts, heterosexual or homosexual, normal or perverted, actual or simulated."

✓The measure would only apply to films and magazines, not books or newspapers.

□The truth is, as stated in the bill, that all media forms are suspect: "including, but not limited to, any book, magazine, article, pamphlet, writing, printing, illustration, picture, sound recording, video tape."

✓The measure is the same as the one adopted by the City of Portland. □The truth is that the Portland ordinance is a way of controlling smut peddlers; the initiated bill is a way of controlling what people read and write. The initiated bill proposes throwing people in jail for reading banned books; the Portland law does not.

✓The measure is aimed at controlling child abuse, which is fostered by the presence of "kiddie porn."

□The truth is that there is no proven connection between reading "Romeo and Juliet" or "Lolita" and child abuse. Moreover, there are already federal laws to put the producers of "kiddie porn" behind bars. The state's highest official responsible for controlling child abuse, Michael Petit, commissioner of the Department of Health and Human Services, says there is no connection between pornography and child abuse. There certainly there should also be no connection between a pamphlet on birth control or a novel by Hemingway and child abuse.

✓The measure is aimed at protecting women from sexual violence. □The truth is that women's groups—who are certainly not in favor of being victims of sexual violence—united against the measure, which they saw as trying to restrict the dissemination of birth control information by having the power to outlaw any description of any sexual act.

Voters did well to see through the arguments of those who would control the free flow of ideas by wanting to censor what can be written, drawn, photographed or spoken.

These voters were not saying they are in favor of pornography. They were saying they are against censorship.

Pornography is indeed a sickness in our society. By pornography is meant the debasement, through sexual exploitation, of the individuals involved. It's all around us—on TV, in the movies, in advertisements for everything from clothes to automobiles.

But condemning all expressions of sexuality in order to deal with the offensive expressions in pornography is heavy-handed. Education is the key. If people are brought up to treat others as subjects, they will disdain any form of sexual expression that treats them as objects.

Rotary Club notes

The Bethel Rotary Club held its luncheon meeting at the Sudbury Inn on Tuesday, June 17.

Visiting Rotarians and guests joining with the group on Tuesday were Chas. Field, Marco Island, Fla., and Bill Lowther, Boonton, N.J.

The attendance contest continues in full swing. Team #1 has now taken over the lead. Let's get those make-ups in if you want to support your team. The attendance is 85 percent plus.

The District 790 Conference will be held at The Balsams, June 19-22. Several Bethel Rotarians and wives will be attending the meetings. The Group Study Exchange Team from India will be transported to The Balsams on Saturday, John Head, Dave Preble and Rick Whitney have been coordinating and controlling this important project.

The guest speaker at the Tuesday meeting was Guy Gosselin, director/manager of the Mt. Washington Observatory. Ed Quinn was the program chairman. Guy has been at the Observatory for the past 25 years. His talk took us through the development of Mt. Washington, beginning in the early 1800's to the present. The original cog railroad was owned by the B & M railroad and was completed in 1851. The auto road began operation the same year.

The popularity of the Mt. Washington area began in the early 1800's and was promoted to scenic attraction with the advent of the railroads. The observatory operates under the State of New Hampshire Mt. Washington Commission. The new tourist center at the summit is a state park building. A slide show accompanied the talk. Many old paintings, sketches and photographs held the attention of everyone. It was a great program.

Federal mediator called to aid Boise negotiations

A federal mediator has been called in to the Boise negotiations to try to untangle the deadlock management and labor find themselves in. The mediator, invited in by agreement of both sides, will join the talks Monday and meet with the negotiating teams every day next week.

The current three-year contract expires June 30. Union negotiator Don Barker, president of the United Paperworkers local at Boise, said, "We're still a long ways apart."

Company spokesman John Shorb noted, "There are important and significant issues we're dealing with. We didn't expect it to be an easy bargain."

Should the two sides not reach agreement by the time the contract expires, they can agree to extend the agreement while talks continue.

While the company is trying to reduce benefits granted in past contracts, the union is trying to get salary increases. Mr. Barker said both sides are giving ground on their original positions, however. The union has reduced its earlier salary demand from 10 percent to 8 percent, while the company has given up on trying to recover holiday time already granted.

One of the chief sticking points—the term of the new contract—seems to be near resolution. The company wanted another three-year contract, while the union wanted just a one-year contract. The union has now offered a compromise two-year time period.

DEAN'S LIST AT BATES

Local students named to the dean's list at Bates College for the second semester are: Keith W. Wight, freshman, son of Stephen W. and Margaret K. Wight, of Newry; and Jennifer J. Andrews, sophomore, daughter of Arden and Beverly Y. Andrews, of West Paris.

so demanding yet so personally rewarding a job as I've had these past four years under Mr. Hart's direction. I was especially pleased to see him presented with an award from the seniors for four years of outstanding and dedicated service. Without a doubt, he has earned the respect and admiration of everyone at Telstar.

Many is the time he has passed up lunch in order to help a student or faculty member resolve a problem. He often labors long into the evening writing thorough, in-depth and supportive college recommendations for seniors. He chooses to do this after school hours so as to be available more during the school day for counseling students, assisting faculty and doing group work.

It is heartening to see that such efforts are not going unnoticed. I dare say, given his student/counselor ratio of 356-to-1, the program and services he is providing to Telstar students are second to none in the state.

There are many such high-caliber personnel at all levels employed in SAD #44. Suffice this to say I feel we have a dedicated, competent and caring staff, coupled with a great student body, and I am proud to be a part of it.

W. Paris 4th-grade scores well on statewide test

Fourth-graders at the Agnes Gray School, in West Paris, generally scored well on the statewide test administered last March. The results were made available to The Citizen this week.

The West Paris fourth-graders scored especially well in grammar and science. They scored low in writing, which surprised Principal Wally Litchfield, since writing is stressed at all grades in the school. He thought the low score might be because students are allowed to use "creative spelling" until the higher grades.

The Agnes Gray scores were generally higher than the average fourth-grade scores in SAD #17. Twenty students at Agnes Gray—the entire fourth grade—took the exam. In the district, 253 students took the exam, but only 237 had their scores tabulated.

The results of the district are listed below, together with the state average. (The state average on each test is set at 250. In each test, half the students who took the exam were scored above 250 and half scored below 250. The test developers suggest that 50 points above or below the 250 mark indicates average performance for a school or district.) The final column shows the range of scores of school districts with similar socio-economic profiles to SAD #17.

The scores for the Agnes Gray School are listed below, together with the scores of Woodstock Elementary School, which was the highest-scoring school in SAD #44. The complete scores of all SAD #44 elementary schools and the district average were published in last week's Citizen.

Statewide, 14,657 4th-graders took the exams, but only 14,012 exams were scored. This is because 300-plus students had handicaps that would have confused the results; another 300-plus missed a portion of the exams.

The tests were mandated by the Educational Reform Act of 1984, which decreed statewide testing each year of students in grades 4, 8 and 11. The results of the 8th-grade tests were released earlier in the year. The results of the 11th-grade tests will be made available later this summer.

'Trek to the Sea' pedals off Friday

The second annual Maine Lung Association "Bethel to the Sea" Trek Across Maine will begin Friday, June 20.

This year 245 cyclists will ride the 182-mile route, from Newry to Rockport, to raise funds for MLA programs and services. Last year, the 106 cyclists raised \$50,000. This year's goal is \$100,000.

The start will be at Sunday River Ski Resort, at 10 a.m. The first day's ride, of 55 miles, will end at the University of Maine at Farmington.

The second day's ride is 70 miles and ends at Unity College. The final day's ride of 57 miles will take the bikers to Rockport and the Samoset Resort.

FRIENDLY SENIOR CITIZENS

The Friendly Senior Citizens held a June meeting at the Country Way, in Norway. Sixty seniors attended.

Harold Larsen reported on the trip planned to Willowbrook, in Newfield, July 9. The bus will leave the North Waterford Congregational Church at 9 a.m. Lunch will be served at Willowbrook at 11:30 a.m.

There are still some seats available. Anyone interested in reservations or information should call Mr. Larsen, at 583-4649.

BREAKING GROUND for the new Woodstock Elementary School, on Rumford Avenue, in Bryant Pond, was a team effort last Wednesday. With all the WES students and staff looking on, the above dignitaries took part in the ceremony. From left to right: Curt Burke (president of Gordon T. Burke and Sons, of North Conway, N.H.—the builder), George Noll (the clerk of the works), Clayton Ramsay (representing REA Associates—the architects), WES Principal David Murphy, Sue Rosenberg (president of the Woodstock Parent Teacher Organization), SAD #44 Director Eva Twitchell, SAD #44 Vice-Chairman Merton Brown, Diane York (member of the WPTO) and SAD #44 Superintendent Dewaine Craig. The school is expected to be completed by next spring.

BOARD OK'S JUMP IN PATIENT RATE FOR AMBULANCE

continued from Page One
from \$75 to \$137, while mileage rates varied from \$3 to \$5.50. It was pointed out, however, that the rescue services in the larger communities are staffed by full-time professionals as opposed to the volunteer forces of Bethel or Tri-Town.

The selectmen also voted to have ambulance personnel turn in the charges for trips in a timely fashion to facilitate monthly billing of users and eliminate the long list of abatements that have been necessary because of late billing.

Town Manager Lynch reported that work on the Cole Block had come in at \$1,796 over budget, which had been set at \$18,483 for renovating the front office spaces. The cost overruns were in the area of contractor's labor, electrical and plumbing.

The board voted to pay for the overruns with funds from Cole Block rentals. Copies of the just-completed draft Comprehensive Plan were distributed. The selectmen will discuss the plan at their June 30 meeting.

The selectmen will meet tonight (Wednesday) with representatives of Aerial Survey and Photo, of Norridgewood, to work out a contract for producing new tax maps for the town. Town Meeting allocated up to \$25,000 for the new maps.

The board confirmed Norman Clanton as director of Civil Emergency Preparedness for a one-year term. Mr. Clanton had been filling the position as acting director.

bureau's letter read, in part: "We have become aware of some sanitary problems in your area, and this survey is necessary to resolve the situation." The selectmen believe the problems may have something to do with the septic systems installed last year along Rumford Avenue.

The selectmen have three new desks in the town office, obtained from state surplus in Augusta.

The board sent a letter of congratulations to Woodstock Elementary School Principal David Murphy for the high scores recorded by 4th-graders at the school on the statewide tests, which results were released last week. It read, in part: "Congratulations are in order for you and your teaching staff at Woodstock Elementary. . . . Perhaps the scores that were published in The Bethel Citizen will serve as an example and an incentive in the district. . . . Thank you for providing our children with a good foundation."

The letter also noted: "Elaborate buildings, large budgets or state mandates do not an educated student make."

BRADLEY GETS 50 YEARS

continued from Page One
"There has been little, if any, sign or indication of remorse on your part."

The minimum sentence for the crime would have been 25 years.
Maine has no parole, but Mr. Bradley will be credited with the half-year he has spent in the county jail. He can also reduce his sentence through good behavior, by about 15 years. Thus, he will be in prison until he is about 55, at the earliest.

He was taken to the state prison at Thomaston immediately after the sentencing.

Prior to imposing sentence, Judge Bradford asked family members of the slain Mr. Stevens if they had anything to say. Both the widow, Robin Stevens, and the mother, Rebecca Stevens, of West Paris, said they wished the state had a death penalty.

No members of the Bradley family were present in the courtroom and the murderer declined to make a statement to the court prior to sentencing.

His court-appointed defense counsel, David Whittier, suggested a sentence of 35 years would be appropriate.
The judge noted that young Bradley had a long criminal record, going back to when he was 13 years old, and noted that the way in which the murder was carried out was particularly vicious.

Early in the meeting newly-elected board member from Bethel, Dick Crandall, and Merton Brown who was re-elected in June 10 Bethel voting were administered their oaths of office by Bethel board member Al Barth, acting in his capacity as a notary public.

Board members John Foster of Andover, and Nancy Dewing of Greenwood, were absent Monday evening.

The next regular meeting of the SAD #44 directors is scheduled for 7:30 on Monday evening, June 23, at the Andover Elementary School.

checking on motorists speeding through West Bethel. "They're going through our town at 50 miles per hour," she said.

The question of providing \$500 for the Bethel Area Chamber of Commerce received input on both sides of the issue. Merton Brown said, "I don't think the town should support the activities of the chamber."

On the other side of the question, Mike O'Donnell said, "I think the \$500 is a real pittance for what we get in exchange—thousands of hours of volunteer labor to promote the area."

The article was approved on a show of hands. Last year a similar article was defeated. (The towns of Newry, Greenwood and Woodstock have all contributed to the chamber's promotional efforts.)

Aside from money articles, the town meeting also approved a resolution, similar to the resolutions approved by other area towns last March, condemning the federal government's idea of siting a high-level nuclear waste dump in Maine. Bill Clough objected to the fact that the resolution concerned itself only with Maine; he said the entire idea of burying high-level nuclear waste should be condemned.

Only about 60 residents showed up for the annual meeting—held this year in the auditorium of Gould Academy. Bill Cousins was the moderator.

PARENTS AND FRIENDS WHO VOLUNTEERED on a regular basis at the Agnes Gray School for the 1985-86 school year were invited to attend the annual awards day ceremony last Wednesday at the school. Each volunteer received a bright red T-shirt. The volunteers did anything that was asked of them. They worked with children in math and reading projects; they corrected papers, worked in the library, ran off papers, worked with kids on

the computers, typed, cut and counted soup labels, and supported all endeavors. The volunteers above are, front row, left to right: Minerva Farnum, Marcia DePaula, Sue Inman, Debbie Small, Heidi Everett, Nancy Gravier; second row: Laura Eastman, Avis Hayes, Hazel Billings, Marianne Walton, Dian Stinson, Carol Corriveau, Judy McLaughlin; back row: Richard Perham. Not pictured are Carrie Robinson and Debbie Dembski.

THESE AGNES GRAY STUDENTS were all smiles after getting certificates during the school's recent awards assembly.

The 1985-86 school year is over and end-of-the-year activities provide recognition for many students for jobs well done.

Last, but not least, was the team relay race. Grade 6 came in first, with team members Lori Bean, Chrissy Eshleman, Michele Benson and Mike Akers. The 5th-grade was 2nd, with Shawn Dexter, John Edmunds, Todd Bouchard and Amy Tikander. Right behind them was the 4th-grade: Jara Ginzinski, Travis Fellows, Joshua Adams, and Stacy Dean.

The 6th-graders were champs at the tug-of-war. They defeated the 4th and 5th-grades and also pulled the teachers and chaperones to defeat!

June 11 was a busy day for us. In the morning the upper grades and parents were treated to two plays. The Kindergarten presented "The Circus," a musical. Bravo to Shawn Coffin,

ringmaster and lion tamer; Tovah Everett and Mandy Blake, circus ponies; Faith Groder and Billy Farnum, camel riders; Matthew Haas, Amanda Herrick and Barbara Valosco, bears; William Graiver, Max Tikander, clowns; Charlie Buker, Ronni Ritchie, Amy Hill, monkeys; Kim Kangas, Karen DePaula, snake charmers; Joe Bailey, George Marchant III, seals; Charlene Billings, Kim Baker, Dannel Tripp, elephants; Erin Doughty, Audrey Tikander, tightrope walkers; Carrie Hammond,

Immediately following the circus performance, the 1st grade presented a musical called "The Sky is Falling." Singing out loud and clear, and on key, were: Joshua Dunham, announcer and guard; Katie Buehl, oak tree; Angie Waterhouse, Leon Billings, Arney Coffin, squirrels; Alicia Coolidge, "Chicken Little"; Timmy Farrar, "Turkey Lucky"; Karen Yates, "Henny Penny"; Hope Groder, "Goosey Lucy"; Naomi Bean, Jason Eastman, Jason Hill, Jonathan Morgan, guards; Chad Chase, King. Both classes did an excellent job under the direction of their teachers, Lynn Brown and Fran Alexander and the music teacher, Danny Barker.

In the afternoon of June 11, our annual awards assembly was held. In addition to the many student awards, thanks was given to a group of volunteer parents and friends who have donated time on a regular basis throughout the year. Many others have volunteered when we've needed help and we appreciate each and every one.

T-shirts were presented to the volunteers who have been coming in one or more times each week and doing whatever was necessary. Volunteering in the school is helpful to teachers and children and also gives the volunteer the feeling of being a part of the school. We're looking forward to working with you next year!

Students received the majority of awards, academic, athletic and service. Carol Corriveau presented Helping Hands awards to several students for all their help in the cafeteria. Principal Walter Litchfield presented the Presidential Physical Fitness awards to all who passed the physical fitness tests. He then presented the Presidential Academic Fitness Awards to the following outstanding students: Delsey Andrews, Heidi Adams, Michele Benson, Maylene Cummings, Christine Eshleman, Kelly McLaughlin, Amy Merrill and Shane Record—all of Grade 6.

We all wish Howard Gorham a speedy recovery.

Grade 5, Andrew Merrill; Grade 6, Kelly McLaughlin.

Sandy Aris designated the outstanding artist in each class: Grade 1, Jason Hill; Grade 2, Jodi Gilpatrick; Grade 3, Missy Andrews; Grade 4, Todd Guilford; Grade 5, Andrew Merrill; Grade 6, Mike Akers.

Mr. Loveless, the physical education teacher, chose the outstanding P.E. students: Grade 1, Katie Buehl; Grade 2, Jason Bradeen; Grade 3, Andrew Leach; Grade 4, Joshua Walton; Grade 5, Shawn Dexter; Grade 6, Lori Bean.

The classroom teachers in grades 2-6 presented an award to the student who had improved the most over the course of the year. Grade 2, Chester Beauchamp; Grade 3, Tony Bouchard; Grade 4, Travis Fellows; Grade 5, Laura Hall; Grade 6, Fawn Strout.

On the last day of school, despite a few drops of rain, the annual softball game between the teachers and the 6th grade was played, with much cheering and coaching from the sidelines. The teachers remain undefeated, which makes up some for the loss at the tug-of-war on the field day!

Rank cards were distributed, autographs and goodbye's were given, paperwork and room cleanup was finished, and everyone is looking forward to a happy summer. No doubt all will be ready to return in September. See you then!

George Gibbs has been having hiccups for two weeks. We hope he is better now.

We are glad to hear that our neighbor Julie Anne Oja has been named to the Plymouth (N.H.) State College dean's list for maintaining a grade point average between 3.5 and 3.69 during the spring semester.

When the weather got warm Eveline moved her plants to the glassed-in front porch and they love it and the Christmas cactus has a large bud all ready to burst open. It must be an all seasons plant. Eveline is happy to see it bloom.

Sunday afternoon and the sun is trying to shine and push the clouds away. Hope it succeeds and the humidity goes down some. I could stand it and am sure others could, too. It sure rained here last night. Peggy was down and Russell, Peggy and I played trionimoes for the evening. It is a fun game and takes time to get a game played. Don't know how it ever happened, but I won two out of the three games. I don't usually win but was lucky last night, I guess.

As I am going to Lewiston a little later and don't know if there will be a type-writer available, I will write my column now. Wynona has a busy week coming up with graduation and all and needs a babysitter so Grandma is the one she calls on. I haven't felt too good but will try to do my best. I love to be with my grandchildren and that is reason enough to try to go and stay with them when no one else is available.

It has been a busy week as usual. Monday, Russell drove me to the doctor and then in the evening, Russell, Peggy and I went to Franklin Grange for election of officers and a memorial service for the members who have left us for a better home. We won't forget them or the good they did in their lives here with us.

Tuesday was busy, too and Russell worked outside doing what needed doing until afternoon and then took it a little easy as it was Pomona Grange at North Waterford and we planned to go, especially as he is an officer. It was a memorial program and I should have known better than to stay in the hall. They had real carnations and I am allergic to most flowers that have any smell. It is maddening as I love flowers but the scent gets to me and so I ended up having a spell of asthma to pay for the enjoyment I had watching the program.

I am afraid I didn't do much on Wednesday only get meals and do a little crocheting. I did make a cake for the senior citizen dinner that was to be put on Thursday by Franklin Grange members. Russell and Peggy went to help but I stayed home and rested, trying to get over the effects of my asthma attack earlier in the week.

Russell has been working in the gardens and fighting the fungus that is bothering again this year. We had trouble last year and it has started again this year, especially on the new ground that wasn't planted last year. Don't know just what causes it but it can destroy plants fast. He has also been cleaning up some old timbers and doing odd jobs around the place. He keeps out of mischief that way, and there is always something that needs doing.

Lawrence used his backhoe the other day and dug out some stumps that were in the way. Also got a large rock out from where it was and rolled it away. Between Russell and Lawrence, the place is looking a lot better than it did. Got to move things around to do the cleaning up right. Peggy has been doing some sewing and has made some cute animals. I transplanted a number of my African violets the other afternoon.

Went to town on Friday for groceries and other errands. Russell tried to get the Extension office to talk with Rusty Clark about the fungus that is bothering in the garden, but Rusty was on vacation, so Russell did what he could and hopes it will do the job. I hope so, too, as we need to put up all the food we can to help. Can't do it without a good garden.

Had planned to go to West Paris to the sale with my plants on Saturday, but wasn't up to it so Peggy offered to go. She had a few items to take and said she had a good time with the girls there. Russell and Peggy have gone to East Andover this afternoon to visit our sister, Laura Hutchins. I didn't go as I expect my daughter and family a little later.

West Paris Grange had a good sale on Saturday and expect to have another one later on in the summer or early fall. They also have other fund raising projects, proceeds to go toward the elevator fund. Perhaps I should say the chair fund as it is to be a chair on a set of stairs when they find carpenters who will do the job. They are having trouble finding one or so I heard. They are still collecting papers and are having a dance on June 21 to help. They are planning other fundraisers for the fall, so you can see that West Paris Grange is surging ahead to get their project completed and I think it is a grand thing to see them working together to get this done. It will help so many people. More Granges should try to do something of the sort to help those

There will be a food sale on June 21 from 10 a.m. to 2 p.m. at the Sunday School room at Locke Mills Church for the benefit of East Bethel Church.

Jason Crockett got a big bass recently which weighed four pounds and was 17 inches long. Congratulations, Jason. Mrs. Dorothy Graves was a weekend guest of her sister, Mrs. Lillian Bartlett. Mrs. Verna Swan of Bryant Pond visited Mrs. Bartlett recently.

Miss Velora Kimball and Bruce Tuominen of Yarmouth were weekend visitors of Mr. and Mrs. Paul Kimball. Mr. and Mrs. Stephen Wojtylak of Portland visited her parents, Saturday of last week.

Mrs. Jo Tyler and Chris of Dixfield; Mrs. Richard Cox and Mrs. Chick Morris, local; Mr. and Mrs. Richard Stearns and grandson, Eric Westleigh of Rumford Corner; Mr. and Mrs. John Foster and David of Andover were my visitors last week. Mrs. Walter Hamlin of South Waterford visited me Thursday afternoon and brought dinner. I have a wonderful family—one I can depend on.

who have trouble climbing stairs, be able to come to Grange. One can really make a day of it on June 21 as there is to be a meeting at South Paris in the afternoon, a lunch precedes the meeting, then one can go to Oxford to the benefit supper being put on there for one of their sick members, then to West Paris for a good evening of dancing with good old time music. What more could one ask for to make the day complete?

CARD OF THANKS

The family of Elsie Todd wishes to thank everyone for their many kindnesses during our recent bereavement. Also a special thanks to those who remembered her with cards and flowers during her illness; to Dr. Medd, the nursing staff at Stephens Memorial Hospital, Russell's ambulance, and the Norway Police. Students-of-the-month picked at Telstar by National Honor Society

With the aid of teachers, the National Honor Society at Telstar Regional High School selected the following students as May's students-of-the-month.

Selected as freshman-of-the-month is Jamie Blake, the son of Mr. and Mrs. Robert Blake, of Bethel. Jamie was nominated by his Latin I instructor for being highly dedicated and motivated and willing to face up to a challenge. Jamie has also filled the leadership role and kept high averages in this class.

April Evans, the daughter of Mr. and Mrs. Jerry Evans, of West Paris, has been chosen as sophomore-of-the-month. April was nominated in her math classes for maintaining an "A" average this quarter, which reflected all the effort that she had put into her daily assignments.

Junior-of-the-month is Danny Cross, the son of Lorraine Redman, of Locke Mills, and Jack Cross, of Bethel. Danny was selected because of his nomination from his Creative Writing instructor. This instructor states that Danny has put a lot of effort into the class and she feels that Danny has really entered into the spirit of the class.

Jim Cobb is the son of Mr. and Mrs. James Cobb, of Locke Mills, and is May's senior-of-the-month. Jim was nominated by his band instructor for being very dependable and versatile throughout the year and being a tremendous help in this year's band performances.

Others receiving special recognitions were: sophomores Xandy Morton (College Prep English), Angela Sawyer (Spanish II), Delwin Wilson (Accounting); Juniors Andrea Howe (Spanish I) and Dennis Gallant (Band); Seniors Sarah Buckman (Advanced Placement English).

Students-of-the-month receive a free pizza at Charlie's.

Early this afternoon I stole a half hour to go to the farm field to hear the music which I so much like at this season. It was June fourth, sunny, and a strong wind, lovely at this hour.

As I approached the Bulldozer Road, I began to notice the change since early May. In most low, damp places ferns grew, heavy and rank, and more luxuriant than ever. There were many thick carpets of moss. Birds here, were few except for the white throat and chickadees. From a dead tree in a small clearing a bird drunkenly called for "Hic-three beers!" I didn't see him but presumed it must be an olive-sided flycatcher. Red squirrels chattered at me, as I progressed from one spot to another.

The hemlocks were dark and drooping. A cobweb came across my face. A short distance away a song sparrow sang, stopped, then started again, as if assured that the intruder meant no harm. Near the gate there were buttercups in the grass, and a frond of ivy had disentangled itself to wave against my cheek.

Through the gate I passed into the fields, rich with grass. Here were my rolling hills, low lands dotted with yellow, and spiny clumps, blue haze of mountain, and a sky of incredible sapphire blue. The clouds were soft wads of lambs wool heaped up at random. What a setting for the chorus I anticipated. The view was breathtaking. I hurried to the favorite rock to sit and listen. The concert immediately started. You have missed much if you never have heard an active flock of little birds, resplendent in breeding plumage, glinting and sweeping about. In flight they are laughter on wings. The voices swelled in a clear "bob-o-link" jingling up into the sunshine from the lush green dotted with buttercups. They dipped and came low overhead always singing...singing.

I loved it all but had to leave to get back home. But even tonight my mind can still hear their voices filled with happiness, announcing that life itself deserves a song.

Bob-o-links, sing on and bring beauty to those who care.

The planning board met Monday evening and a taxpayer brought a request for a building permit for Horace Goodrum and this was granted. Also discussed was a proposed hydro plant for the Rapid River area. Virginia said she'd get the papers to me so I can get in the facts but they are on loan to another currently.

Rose Scott and Arline Bernier were ballot clerks at the primary election held at the library. The new town office was not ready for business, but Donald fixed the plumbing for the convenience of the clerks, especially needed since he cut all the bushes in back.

The weather reminds one of the "1800 and froze to death." My grandmother was not born at the time but spoke of it as a first hand experience, probably because that awful year was retold so vividly far into her youth. Our weather is very mild comparatively but unseasonably damp and cold.

Phil Korhonen plowed gardens for his mother-in-law. Now to find some seed potatoes and hope for another summer. I forget which day of the week the last one came on a few weeks ago.

Bill Wood was taken into custody after allegedly shooting over the heads of taxpayers who were harassing him. He claimed the weapon was a pellet gun. Ellie Leconte took care of Aunt Doris until he posted bail and returned. Some of the citizenry are very concerned, have helped Bill in a variety of ways and are discussing this situation in hopes to fine a way to eliminate this sort of activity. Those involved include an adult, his father and grandmother so are not youthful pranksters.

Visitors at the Hayes Homestead were Duane Hayes and children, West Paris; Ardell Hayes, Auburn; Wallace and Nancy Hayes.

On Sunday Doris Hayes, Wallace Hayes, Joy and Chris Siegel, Verna Libby, Lenora Waterhouse were in Norway for dinner.

Fred Siegel returned home last week but his wife, Joy, remained for a visit with her grandmother.

The Home Front

By Bob Crane

• What do you do with a fireplace in the summer? Fill it with pots of white flowers set in a wicker basket.

• Powdery deposits on a basement wall are "efflorescence." Get rid of it by scrubbing with a mild muriatic acid solution. For safety, wear rubber gloves and goggles.

• Low down payment home mortgages are still being written, say housing economists. Where buyers can't get conventional loans, they seek FHA mortgages, which are increasing.

• For do-it-yourselfers, a new furring system uses adhesive instead of nails to attach strips to concrete, cinderblock, or brick. It costs about \$20 for enough strips to do an 8- by 12-foot wall.

• Good idea: a marble countertop to provide a cool surface for rolling out dough. Better yet, the drawer below lined with fiberglass to hold ice to chill the countertop.

Hanover

By DONNA WORCESTER

Yard sales and flea markets were evident in the area over the June 7-8 weekend. The Rumford Historical Society held a yard sale at the Lufkin School Museum at Rumford Center.

A multiple family flea market took place at Thibodeau Antiques in Rumford Center. Among the participants were Cadet Seniors of Girl Scout Troop 904, Rumford Point, under the direction of Karen Wight and Dianne Milligan. The girls are trying to raise money for a trip to Florida next February. They are planning more fund raising events for the trip.

Oxford Bear Lodge, Knights of Pythias sponsored a flea market at the Lodge Hall in Hanover. Lodge members displayed donated items for sale to help pay for having the hall painted. Several families participated by renting tables to display their items.

Also joining in was Cub Scout Pack 509 of Rumford Point who had a food and snack table. Pack leaders reported coffee, cold drinks, hot dogs and homemade pastries were good sellers.

Several private homes in the area also had yard sales during the weekend.

A new business to the area is taking shape at Rumford Point. Loft Antiques, owned by Oscar Bernard is locating in the red building on Route 2 near the intersection with Route 232. The building is undergoing renovations and Mr. Bernard hopes to hold a grand opening by July 15 for his antique and furniture refinishing business. Loft Antiques will be open 7 days a week from 9 a.m. to 5 p.m.

Brownie awards night took place at Rumford Point Church June 9. Linda Couture, Brownie Troop 633 leader, presented awards: Year Service pins, World Association pins, Brownie B patches, Cookie Sale patches and Green Circle patches for "Miss Manners" and "Healthwise" were presented to Jessica Strand, Stephanie Clouture, Arnie Kaulback, Heidi Downs, Amy Downs, Brienne Ellingwood, Kati Holtzman, Alycia Drapeau and Janel Ippolito.

Amy Downs and Heidi Downs received Brownie pins. Earning "Bridge to Juniors" patches and Brownie fly-up wings were Arnie Kaulback, Kati Holtzman, Stephanie Clouture, Jessica Strand and Amy Downs. Next year these five girls will be in a Junior troop. Jessica Couture received a special award, the "Daisy Girl Scout" pin.

At the close of the meeting the girls presented Mrs. Couture with a bouquet of dry flowers. The 25 people present enjoyed snacks following the meeting.

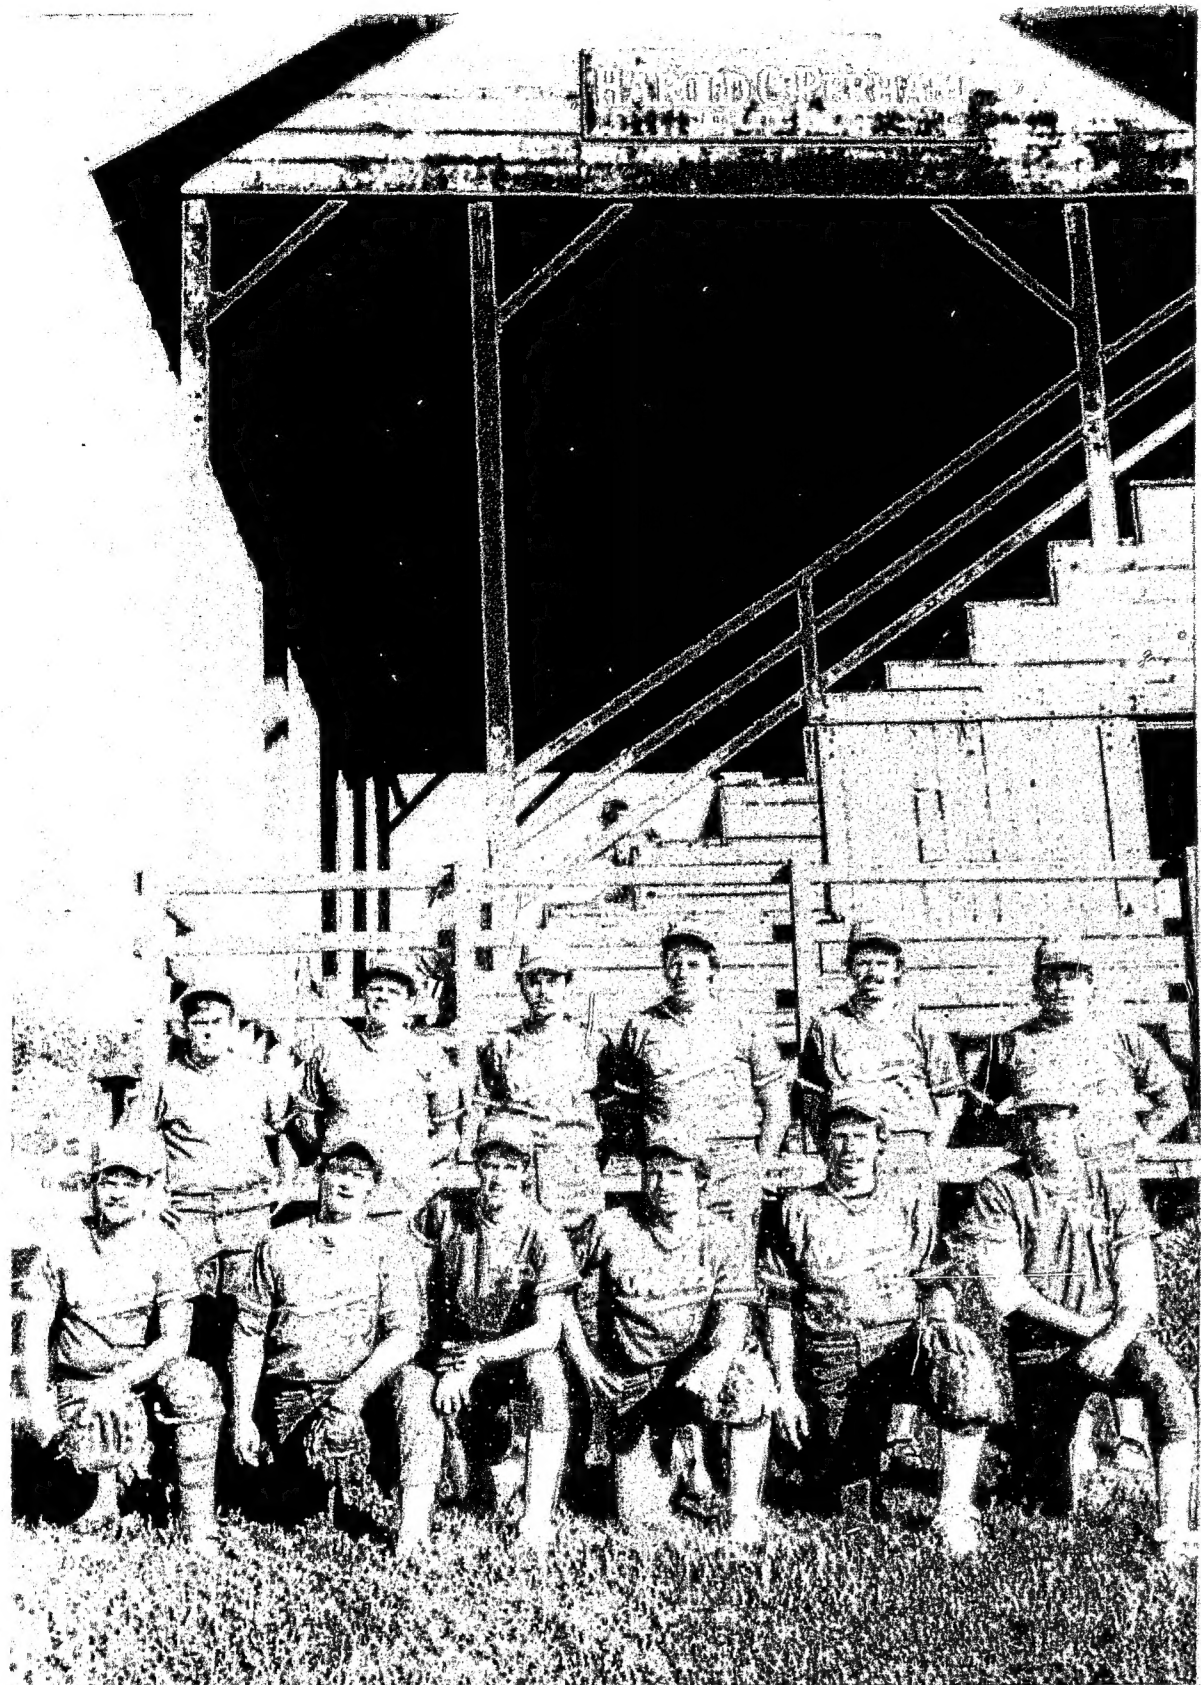

Hanover Special Town Meeting

A special town meeting in Hanover took place Monday, June 9, at the Town House. The meeting was moderated by Norman Ferguson Jr. and related to educational budgets. Recommended amounts for vocational education (NOVA) and adult vocational education were approved by the ten voters present.

School budgets presented by the Hanover School Committee were approved and voters authorized the school committee to spend \$140,048.84 for the year of July 1, 1986 to June 30, 1987.

At the meeting, representing School Union 25 (Hanover and Rumford), was Acting Superintendent Howard Dunn. Hanover School Committee member Richard Burns answered voter questions. Hanover Selectman Warren Stearns said budget figures could change if families with children move in or out of Hanover.

During the coming school year officials expect there will be 18 students attending Rumford elementary schools with 22 people attending Rumford High School. Four children will attend SAD #4 (Bethel) schools.

THESE ARE THE WESTIES: From left to right, front row: Jerry Verrill, Rick Wing, Shawn Bretton, Shawn Hennessey, Dick DeCato, John Ladd; back row: Rick Whitney, Norm Emery, Mike Schmidt, Rick Bean, Rusty Millett. The West Paris Pine Tree League team had a 2-2 record prior to last night's game.

Westies sport lots of new faces for 1986 season

Mark Thurlow, player/coach of the West Paris Westies baseball team promises that this year's team will be an exciting one, although pitching may be a problem with the loss of Bobby Seames, Nat Harris, Mike Ellingwood and Levi Brown.

The coach said of Brown: "He's very versatile, and one of the top three pitchers in the league."

"Pitching will now be by committee," Thurlow continued. Ricky Whitney, of Bethel, Scott Huff, of South Paris, and Rick Bean, of West Paris, will all take turns on the mound this season. Veteran catcher Jerry Verrill will be behind the plate.

Bruce and Mark Thurlow will trade off at first base. Former first baseman Allen Snow will not be returning this season, and home-run king Peter Blake will be replaced by Allan MacGregor at second base. Ricky Wing will play third, and John Ladd and, possibly, Danny Cummings, will play shortstop. Ricky Whitney, Dick DeCato, Ricky Bean, Scott Higgins and Norm Emery will share duties in the outfield. Shawn Henderson, Mike Smith and Rusty Millett fill out the roster.

"We are a fairly young team, with lots of new faces this year," Thurlow said. With only a few games under their belts, he is hesitant to make too many predictions about the season. "We may not hit as many home runs as last year, but we'll be right in there. The old players are looking to make up for losing to Sabattus in the first round of the playoffs last year."

The Westies earned a 12-8 record last summer, placing second in the league in regular season play. Two years ago, they were the league champs.

The Pine Tree League is the oldest recreational baseball league in the state. There are currently six teams in the league: West Paris, Sabattus, O.B. Cannon (Jay-Livermore), Auburn, Lewiston (a new entry), and Rumford (the defending champs).

Coach Thurlow, who has been in the league nine years, has watched the number of teams fluctuate. "We used to have quite a rivalry with the Norway/South Paris team, but they folded a few years ago," he said.

The Westies started practicing in late April, three nights a week—Tuesday, Thursday and Sunday. They will play 20 games between June 1 and Aug. 1. They already have four games under their belts—the last two at home, before large and appreciative crowds.

Thurlow admits that the schedule is hard on the players and their families, and is perhaps responsible for teams disbanding. "Fortunately there are still a lot of guys who like to play baseball," he said.

There were special tees for the younger ones and a nice day was shared by all.

Pete will hold a golf clinic for children 14 and under on Tuesday, June 24, from 10 a.m. to noon. There will be no charge and children are encouraged to participate. Please bring clubs if you have them, otherwise they will be supplied. Meet at the Pro Shop a little before 10 a.m.

West Paris boasts the best crowds in the league at the Harold Perham Field. Schedules are posted at the Trap Corner Store and Whitman's Market. The town follows the Westies closely, and, according to Thurlow, lets them know how they're doing, good or bad.

"The people of West Paris like baseball. And there are just so many nights you can go to the Trap Corner Store or listen to Joe Perham records," he noted.

"Winning is important, but the most important thing is having fun. The summer is awfully short."

"One day my brothers Bruce and Stuart and I all hit home runs in front of our Grandfather Thurlow. I'll always remember that," he said.

Nobody Does It Better.

There are a lot of different ideas about the best way to build a home satellite system. You owe it to yourself to shop around and see what is available. Examine the equipment closely and ask questions about anything that you don't understand. Keep in mind that the sooner you'll know the true cost of any system is after

you've seen the end of its service life. Try to separate the facts from the promises and buy from a reputable manufacturer. Study the choices, because only after you know something about the various solutions will you be able to make an intelligent choice between them.

What tires are right for your car? Remember that you may have to give up some treadwear to get the traction you want.

Don't drive in sunglasses, unless you have photochromic lenses which become clear out of the sun.

If your car air conditioner is not working at top efficiency, check for leaks of refrigerant. Usually occurring at fittings, these leaks are the most common cause of air conditioning malfunction.

It's smart to have your car checked by a mechanic you know and trust BEFORE you take it on the road for a trip.

Rev. Donald Grover continued the study of the book of Acts 17:12-20, "Message of Mar's Hill." It's so easy to understand how important God's word is needed for all believers' continual growth. Missionary moments: a letter read from Hal and Linda Stone, Liberia, Africa. Meditation: Revelation 4:3, "Holy, Holy, Holy, Lord God Almighty." The floral arrangement was a gift from David and Cindy Smith, greatly appreciated by the congregation.

By OLIVE DAVIS

June Cushman called on Olive Davis Tuesday morning. She drove up from Winthrop alone with the thought of making many calls on old friends before returning home. Irving Cushman went on his annual fishing trip. As the old saying goes, "When the cat's away, the mice will play."

Esther Davis returned home last Monday night. She has been staying with Olive while she was recuperating from eye surgery.

Mr. and Mrs. Michael Niro and daughter spent the weekend with her parents, Mr. and Mrs. Ellsworth Hathaway. Mrs. Niro and daughter are spending this week here. Michael returned to his work Sunday.

Friday Mr. and Mrs. Carl Brooks and Olive Davis attended Past Masters Night at Oxford Grange. There were 75 in attendance.

Mr. and Mrs. Arthur Andrews called on their aunt, Olive Davis, Saturday afternoon. Arthur mowed the little lawns for her in no time flat.

I called on Lettie Russ Monday and Tuesday a little while. She was inquiring for Richard and others. She hasn't seen them for a long time, she said.

Tuesday, June 10 was Primary day. I hope all exercised their privilege and voted as they should.

Richard Felt attended Oxford Grange Friday night.

Lettie Brooks held a fir party at her farm on Curtis Hill. About 12 attended to strip the fir from the boughs they had picked the day before. This will be used to make fir pillows to sell at the Universalist sisters' sale later in the season.

Mr. and Mrs. James Micron held a party for their daughter, Alishia Sunday. She was four years old May 12. The children attending were Eric Ayotte, Jami Record and Amanda Micron. Mr. and Mrs. James Record were guests also. The traditional ice cream and cake were served.

Several in the neighborhood have been entertaining colds.

Yesterday was a beautiful day. The patients at Ledgeview were outside in their chairs enjoying it. Some said it was hot. I guess it was really the hottest in Maine so far this season.

Hege Dammerud's mother, Bent, and Hege's sister came last week to see the graduation exercises and accompany Hege back to Oslo, Norway.

It is good to see Margery Swan getting around once more. They were going to spend some time at camp this weekend.

Gardens are getting a slow start in spite of the early spring due to the cold, wet weather. Ron George, who was the evangelist from Australia and has been in many places all over the world said he'd never been in a place where it was so cold in June. Whether one takes that as a plus or minus depends on whether one likes it warm or cool I guess. Personally if it weren't for the gardens, I'd be happy to keep it on the cool side.

Bertha Flanders enjoyed a cookout Sunday, with Mr. and Mrs. Edward Gaudet at their camp. Others present were Velora Kimball, her parents, Mr. and Mrs. Paul Kimball, Bruce Tuominen, Darren Morse and Mr. and Mrs. Tuominen and baby Paul Eugene. Their uncle Paul Tuominen was also present from Norway. They celebrated Bruce Tuominen's birthday and Father's Day with a couple of cakes.

Mr. and Mrs. John Mills were dinner guests of his brother and wife Mr. and Mrs. Donald Mills Saturday on Norway.

Reminder: The Greenwood Fire Department-West Paris Fire Department and their auxiliaries will meet Tuesday, June 24 at the Greenwood Fire Station at 6:30 p.m. for a potluck supper.

Congratulations to Locke Mills graduates: Lisa Jordan, Tan Ratanatraiphob, Kandi Roberts, Stacey Roberts, and Suzi Roy. Also to Hege Dammerud whose happy smile has delighted the hearts of many in town this past year. She will be missed when she returns to Norway.

The Gilbert Manufacturing plant will begin its two weeks vacation period Friday, June 27. There will be a meeting of the Greenwood Fire Department Tuesday, July 1, but the Greenwood Historical Society will not meet Wednesday, July 2, but resume again in August.

Recent visitors at the home of Mr. and Mrs. Lee Mills were Bertha Dea, Lloyd Sykes, Vivian Daicy, of Portland, and Beatrice Eames, Fairmouth Foreside, on Sunday. Friday, Marie York of Burnt Hills, N.Y., visited and on Tuesday, they had a family gathering with Cecile Winslow, Buck Hill Apts., South Paris, Louis Martin, Chapel Valley, West Paris, Elvira Churchill, Sudbury Apartments, Bethel.

Mr. and Mrs. John Mills visited Mr. and Mrs. Earl Colby and boys Friday evening at their home in West Greenwood. Carl and John are into fly tying right now and spent the evening working on one.

Andover

East Andover

By LAURA HUTCHINS

Another busy week has passed, giving us a variety of weather (and bugs!). Each year the black flies seem more vicious than the year before and more immune to fly sprays.

Lawrence Stinson, stationed in Kodiak, Alaska, recently spent a two week leave from the Coast Guard at the home of his parents, Mr. and Mrs. Ralph Stinson, East Andover. While he was home a gathering of family and friends enjoyed a buffet at the Stinson home. On his return he flew to Portland, Ore., then joined the crew for a three months cruise to Hawaii. Following the cruise, they will return to Kodiak, where his rank will be Chief Petty Officer aboard the ship, Storist.

On Friday, June 6, Mrs. Ralph Stinson attended the induction services for her granddaughter, Alyson Shafer, into the National Honor Society at the Dixfield Middle School where Alyson is an 8th grade student. She is the daughter of Rev. and Mrs. Robert Shafer of Dixfield.

The teens of the Calvary Congregational Church in South Andover recently invited friends and held a fast, sleeping overnight at the church. Their efforts netted \$63 for World Vision to help feed the hungry. Games and contests were enjoyed in the evening and resumed the next morning. Contest winners were Lynda Salway, first prize of a Bible; Judy Bailey, second prize, a plaque; and a large package of stickers went to third prize winner, Yvette Jones. At the end of the fast, a meal of home fries, hamburgers, hotdogs and dessert was prepared, with cooking done by the teens and enjoyed by the following: Judy Bailey, Lynda Salway, Yvette Jones, Wally Smith, Christian Hutchins, George Casviant, Cindy Newcomb, Michelle Enman, with helpers Rosemary Roberts, Helen Grover, Alice Cox and Marjorie Stinson.

The puppet shows, especially designed for three and four year olds, which told the Bible stories have been discontinued for the summer. They will resume in the fall at the home of Marjorie Stinson, date to be announced later in the summer.

Mrs. Grace Simmons, East Andover and Mrs. Lorena Simmons, Andover, at-

tended the World's Largest Garage Sale at the Portland Civic Center last Saturday, June 7.

Mr. and Mrs. Frank Richards of Lewiston visited Mr. and Mrs. Bernard Hutchins Saturday evening, following the alumni banquet, where Mr. Richards was guest speaker.

Baccalaureate services, honoring the seven graduating Andover seniors, was held at the First Congregational Church on June 8. Rev. E. Marquette Churchill gave a very special message to the graduates saying, "Follow your dreams. See them through." Special music was rendered by choir members. Following the service, a reception was held for the seniors, their families and friends. It was enjoyed by many. A beautiful cake, named in the shape of a book, listing the names of the graduates and saying "Congratulations" was made and decorated by Sharon Farrington. Jane Rich prepared and served her special sherbet punch. The cake was cut and served by Mrs. Helena Goodwin.

Sunday, June 8, callers at Mr. and Mrs. Bernard Hutchins' were Peggy Blake and Russell Yates of West Paris. Brother Russell and Bernard went to look over the garden and compare notes. Nearly everything is doing well. We enjoyed our first sugar snap peas Thursday. Our spinach has been invaded by a tiny white worm that lives between the leaf layers and devours all the green, leaving what looks like white onion skin paper, very thin. It now appears that most of that crop is ruined.

The heavy winds last Monday blew down many parts and some whole trees. The maple tree that has stood for many years in the church yard at Andover came down. A special thank you to Gerard Michaud for his dedicated service in cleaning it up; also to Kenneth Jodrey. A large tree blew across the road near the Upton line on the county road. It was cleared away by the Andover road crew. The wind kept all of the road crews busy checking roads for downed trees and branches.

There was a fire at Paul Cayer's on the Farmers Hill Road Monday night. The Andover Fire Department responded and it was quickly brought under control. It is reported some hay was lost.

Thankfully it was not more serious.

Mr. and Mrs. Donald Bailey, South Andover, are receiving congratulations on the birth of a six pound, nine ounce son June 11 and named Benjamin James. He joins a brother, Phillip and a sister Melissa. Paternal grandparents are Mr. and Mrs. Clarence Bailey, South Andover, and maternal grandmother, Mrs. Comea Jewell Drew of Celina, Ohio.

I was so glad to get a phone call from Beatrice Dresser, Andover, saying although she is still very weak, she is gaining. She wishes to thank all her family, friends and neighbors for the many kindnesses and help given her during her hospitalization and since her return home. We are thankful that she is back home again.

Jane Rich was appreciative of the support she received in the June primaries. The voter turn-out was most gratifying. Andover Librarian, Carol Littlehale, wishes to announce that the library now has a telephone. The number is 392-4841. This year the summer reading program will be under the direction of Ellen Greeke and is entitled, "Open Books—Open Doors." More information, dates, time, etc. will be forthcoming on this program.

Don Kennedy from Roxbury has completed wiring and put new lights in the kitchen at the town hall. He is currently completing the wiring in the upstairs hall and is waiting for the lights to arrive. New six-foot tables are being purchased for use upstairs by a joint agreement of the K of P and the town.

Julie Ann Burgi, daughter of Mr. and Mrs. Perry Burgi, and Casey Lee Brown, daughter of Mr. and Mrs. Lee Brown, recently celebrated their fifth birthdays. They have both been attending Carol Emery's nursery school. On June 13 graduation exercises were held for the

WESTERN MAINE ART GROUP OPENS SEASON JUNE 24

The Western Maine Art Group opens its summer season June 24 at the Matolcsy Art Center on Main Street in Norway with a series of photographs on the town of Norway. Title of the exhibit is "Norway As Seen Through The Camera Lens," and is being put on with the cooperation of Norway's Bicentennial Committee. Rev. Donald McAllister of the committee, with the help of the general public and collectors Gordon and Lafrance, has assembled 25 photos of old Norway. Enlarged snapshots of some of Norway's interesting characters of the past will be included, along with some more recent color photos of the town's buildings and lake scenery. This show runs through July 5.

The second exhibit will also be a joint effort of the art group and the Bicentennial Committee. five year olds, Julie and Casey will enter the kindergarten class in the fall.

East Andover Community Club

Olive Whitten entertained 10 members of the East Andover Community Club at the Whitten cottage at Roxbury Pond June 10. A delicious buffet supper was enjoyed.

The members noted that Jennifer Hutchins had received the Community Club award, presented by President Violet Swain at the alumni banquet. It was voted to give Toby Farrington some spending money for his trip to New York over the Fourth of July. Graduation cards and several birthday cards had been sent out this month.

It was discussed where to hold the Sept. 9 banquet. A vote will be taken at the July 8 meeting at Swain's cottage, Roxbury Pond. Each member is asked to take either a salad or sandwiches for this meeting. Barbara Melsner will be co-hostess with Mrs. Swain.

Brian R. Fogg, son of Mr. and Mrs. James Fogg, of Mt. Airy, Md., graduated from Lingard High School on June 4. Lori Ann Snyder, daughter of Mr. and Mrs. Eddie K. Snyder, of Holden, Mass., graduated from Wachusett Regional High School on June 7.

WORKSHOP RESCHEDULED

The grafting workshop, sponsored by Oxford County Extension Service, has been rescheduled for Wednesday, June 25, 7-9 p.m., at the orchard of George Stilphen, Bolsters Mills.

Congratulations are in order to Society Secretary and Clerk of the Trustees Charles Raymond for being named Telstar Regional High School's Teacher of the Year.

Kurt E. Brandenburg, Deputy Director of the Meeting School in Rindge, N.H., representing the American Association of Museums, visited the Society this week as part of the Museum Assessment Program II grant to survey the collections preparatory to writing a report which will be an essential part of self-study undertaken during the past year by the Society. This report will be of interest to the Society's staff, trustees and such committees as Museum and Long Range Planning. Mr. Brandenburg, who has extensive museum administration experience, holds a B.A. and M.A. from the University of Michigan. He is a former Deputy Director of the Hagley Museum in Wilmington, Del., former Executive Director of the Chester County (Pa.) Historical Society and former Director of the Museum of the Confederacy and Robert E. Lee House, Richmond, Va.

Society Registrar Jane Hosterman through extensive detective work has discovered the author of a diary given to the Society in 1980. At the time of its donation it was only known that it related to the Bethel area. By a careful reading and checking of various genealogical data Mrs. Hosterman has discovered the author was Jacob H. Lovejoy (1812-1893) of Albany who at various times was tax collector, treasurer and selectman of that town. His wife was Hepsibah (1808-1896) and they had a daughter

Mary. The diary covers the year 1877 and contains considerable information on the moving of the Albany church. Mrs. Hosterman plans to write an article on the latter event which is expected to appear in a forthcoming issue of the Society's quarterly, *The Bethel Courier*. For someone interested in life in 1877 the diary provides some insight. Lovejoy was a farmer, postmaster, and storekeeper. From his diary, the difficulties of mail distribution and the problems of collecting unpaid store bills.

Three more Maine town histories have been acquired by the Society recently and are now available for research. These are Everett S. Stackpole's "History of Durham, Maine" (reprinted 1979); Silas Adams' "The History of the Town of Bowdoinham, Maine, 1762-1912" (reprinted 1985); Robinson, Morse & White's "History and Genealogy of the Town of Morrill, Maine" (reprinted 1983).

Society Director Stanley Howe has presented the Society with two volumes for its collection: "The Official History of the Maine Civilian Defense Corps, 1941-1944" in memory of James Dye (Alger) and Erwin O. Christensen's "Early American Wood Carving" (in memory of W. Albert Skilling).

More memories of Gould Academy through the years are needed for the forthcoming issue of the Society's quarterly, *The Bethel Courier*, which will deal with Gould's past in honor of the institution's 150th anniversary. Anyone having memories in encouraged to submit them to the Society at P.O. Box 12, Bethel, Maine 04217 or by calling 824-2908.

Notes from the

Woodstock Historical Society

Here is a description by Maine writer Sarah Orne Jewett of a ship captain's return home:

"It was growing dark as they went up the long garden; a thin white mist was gathering on the river, and blurred the fields. The two brigas at the moorings had strung up their dull oil lanterns to the rigging, where they twinkled like setting stars, and made faint reflections below in the rippling current. The huge elms that stood along the river shore were full of shadows, while above, the large house was growing bright with candlelight, and taking on a cheerful air of invitation. The master and his friends happily approached the wide south door."

DEP to investigate septic waste dumping at North Paris

The West Paris selectmen announced last Thursday night that Health Code Enforcement Officer Samuel Timberlake has asked the Department of Environmental Protection to investigate several complaints from citizens of North Paris that septic waste is being dumped on their property.

The board also decided to research the possibility of contracting with a nearby town for septic waste disposal.

Selectman Judith McLaughlin announced that the swimming lesson program will be offered for three weeks this summer, beginning July 21. The lessons will be given in West Summer by Debbie Frino. Children must be at least six years old and/or entering first grade in the fall. Parents interested in chaperoning can contact Mary Emery at Emery's Building Materials. Applications will be available there, and at the town office after July 1.

Richard Abbott, president of the North Paris Cemetery Association, informed the board that the association has approved a request for funding from the selectmen to purchase a string trimmer for the cemetery.

Finally, Selectman Duane Abbott reported the highlights of a Maine Municipal meeting on roads that he attended on June 11 in Auburn.

NATIONAL GUARD EXERCISES are being held in the Bethel area this week by both Maine and Massachusetts units. The above troops are from the 101st Engineering Battalion of the Massachusetts National Guard, based at Reading, Mass. They are building a pontoon bridge across the Androscoggin River, from Frank Gibson's to Newton and Tebbets. Units of the 133rd Battalion of the Maine National Guard are leveling off the playing fields at Telstar and building a bridge across Sunday River, in Ketchum. Also in town are evaluators belonging to the 9th Infantry Division, from Ft. Lewis, Wash. The troops are bivouacked at the airport, Pat Murphy's field, and in Ketchum. The training exercises will continue into next week. While many national guard units from other states were sent to Honduras for training this year, the governors of Maine and Massachusetts vetoed Pentagon plans to send local guardsmen into a potentially hostile environment.

Float challenge issued

The Bethel Area Health Center again challenges other businesses, schools and individuals to enter the float contest for Mollycodd Day.

The theme for this year's float contest is "notable inventions."

Other Mollycodd Day events include the frog-jumping contest and the nurses bed race.

Vicki Rackliffe is in charge of the frog-jumping contest again. Would-be participants should be out scouring the swamps for winning jumpers.

The Bethel Area Health Center will again be the sponsor for the nurses bed race. Challenges have been issued to the B.E.A.R.S. and Tri-Town Rescue. If any other medical organization is interested in entering, contact Muriel Whitney, at 824-2193.

An organization needs to have five people available in order to participate. They all need not be actively employed in the organization. A meeting will be held at the health center on June 24, at 10 a.m., to go over the rules and procedures of the race.

Mollycodd Day is July 19 and honors Indian Princess Mollycodd, locally renowned as a healer.
